Introduction

TV-801 is designed to deliver high security and convenience, supporting multiple authentication methods including facial recognition, fingerprint, RFID, PIN and QR code. It also accommodates various card modules to meet specific needs.

With an IP65 rating, the device is waterproof and dustproof, ensuring reliable performance in diverse environments. The **TV-801** features high-accuracy face recognition with the ability to process multiple faces simultaneously. Additionally, it integrates seamlessly with **TimeSuite**, a cloud-based platform that simplifies time attendance tracking and payroll calculation.

Features

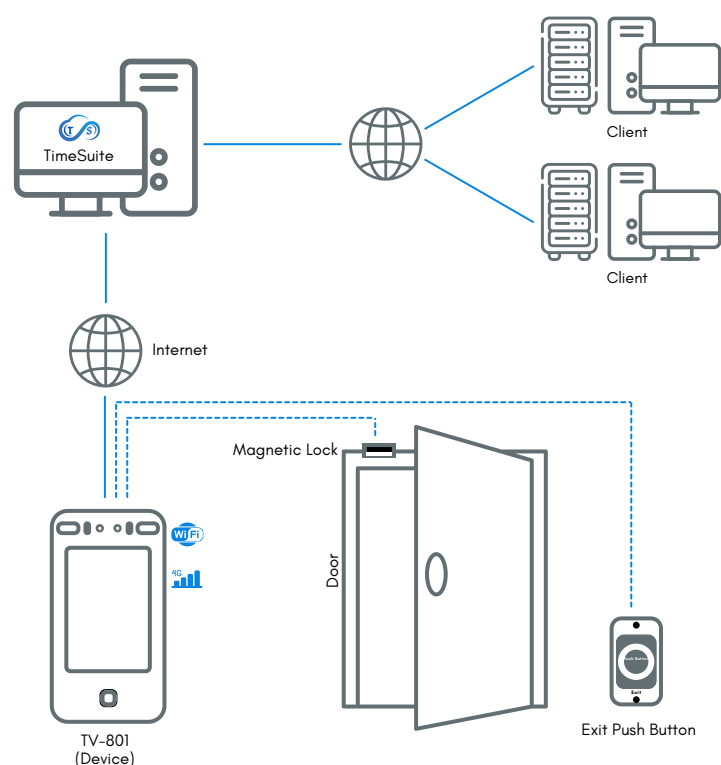

- Multiple Authentications : Face Recognition, Finger, Card, PIN, QR Code
- IP65 Water & Dustproof
- Embedded web server for system configuration
- With High capacity for necessary storage (Maximum logs : 5,00,000 / Fingerprint : 5,000 / Face : 5,000 / RFID : 5,000)

Specification

Authentication Method	Face / Fingerprint / Card / PIN / QR Code
User Capacity	5,000
Face Capacity	5,000
Finger Capacity	5,000
Logs Capacity	5,00,000
RFID	ID, IC(Optional) Support
Facial Recognition Distance	0.5 - 3m
Facial Recognition Rate	0.00001/ 1(%)
Communication	TCP/IP, Wi-Fi, Web, 4G (Optional)
Display	5" inch (720*1280) Full View IPS Screen
Access Control Interface	Door lock relay, Bell relay, Exit button, Door sensor, Wiegand in/out temper, Refresh (Supported)
Working Voltage	DC 12V + 5% (Current: Below 1.5A)
Ingress Protection Rating	IP65
Operating Temperature	-10°C ~ +60°C
Operating Humidity	20% ~ 80%
Self-Test Function	Supported

Configuration

TimeSuite

Multi-Location Centralized Management System
